### PRODUCT OVERVIEW | Model # 0264250 | Internet # 204226023

FloorMuffler UltraSeal Flooring Underlayment is a Premium Grade highly engineered, cross-linked polypropylene foam with the FloorMuffler UltraSeal self sealing lip and tape system. FloorMuffler UltraSeal is the ideal choice for most laminate, engineered and solid hardwood flooring applications. FloorMuffler UltraSeal can be used for floating and double glue down installations in both residential and commercial applications.

- For use with laminate, engineered and solid hardwood flooring systems
- Patented cross-linked polypropylene foam provides superior acoustic properties and moisture control
- Lightweight, strong and flexible making it easy to install in nearly all conditions, 600 sq. ft. roll
- Proprietary advanced cell technology, the most robust compression characteristics on the market help to insure the integrity of tongue and grooves
- Mold and mildew resistant
- The highest rated and most effective acoustic barrier on the market, provides the most effective through-the-floor and footfall noise reduction (IIC 74 / STC 73)
- Provides superior moisture protection, exceeds industry standards by over 700% (.3 lb. per 1000 ft.<sup>2</sup>24 hours)
- Self-sealing lip and tape system allows for easy installation
- Light, strong and flexible, making it easy to handle and install in nearly all conditions
- Resilient, non-reactive and fully recyclable - making it an environmentally friendly option
- Surpasses the indoor air quality emissions requirement for California's Section 01350-the most stringent volatile organic compound (VOC) emissions standard in North America
- Selected by award winning researchers as the world's greatest
- Made in the USA
