Christmas Tree Disposal

After Christmas, trees are **NOT** allowed to be disposed of in the dumpsters. It is the responsibility of the resident to take them to a proper disposal site. Please check the City of San Diego's Website for drop off locations: [Christmas Tree Recycling | Environmental Services | City of San Diego Official Website](#)

Parcel Rooms & Package Deliveries

Please check the package rooms daily, especially during this time of year with the overwhelming increase in deliveries.

Recycling

ALL Boxes **MUST** be broken down **BEFORE** placing in the recycling especially with the increase in packages being received.

Contractors Debris Disposal

The dumpsters are not to be used for ANY construction debris. Otherwise, there is an increase in costs to the association due to people leaving items in the garbage rooms that we end up using a junk/haul away to service to remove.

“Remember that the happiest people are not those getting more, but those giving more.” – H. Jackson Brown Jr.

Did you know?

For most children in The Netherlands, the most important day during December is 5th December, when Sinterklaas (St. Nicholas) brings them their presents!

Surprise presents are also given on St. Nicholas' Day. A custom at the Sinterklaas parties, often within classes at schools, is that everyone's name is put into a hat and everyone picks another person's name - then they must make a surprise present for that person. The presents come with a poem inside that gives a clue to who might have sent the present, but it is all meant to be a mystery!

Sponge Painted Snowman

Kids 5 and under love to get creative with different painting techniques. Painting with sponges is a simple and fun way to explore basic shapes to paint and cut out.

Although the onsite office will be staffed, it will be closed to visitors until further notice. All communication with office staff will be limited to telephone or email.
